

AMENDED IN SENATE APRIL 24, 2003

SENATE BILL

No. 705

Introduced by Senator Florez

February 21, 2003

An act to add Section 41855.5 to the Health and Safety Code, relating to air quality.

LEGISLATIVE COUNSEL'S DIGEST

SB 705, as amended, Florez. Air quality: agricultural burning *San Joaquin Valley Unified Air Pollution Control District*.

(1) Existing law prohibits any person from knowingly setting or permitting agricultural burning unless he or she has a valid permit designated by the State Air Resources Board to issue a permit in the area where the burning is to take place. Existing law requires the state board to designate public fire protection agencies or other equivalent agencies to issue permits, and to adopt rules and regulations to provide a procedure for the issuance of those permits.

This bill would prohibit, ~~commencing June 1, 2005,~~ the issuance of any permit to a person to burn *certain categories of* agricultural waste ~~in any area that is designated a nonattainment area for ozone, carbon monoxide, or particulate matter. The bill would also require any air quality management district or air pollution control district with jurisdiction over an area that is designated a nonattainment area for ozone, carbon monoxide, or particulate matter, not later than June 1, 2005, to develop and implement a program that assists agricultural growers to dispose of agricultural waste in an environmentally responsible manner, as defined, within the jurisdiction of the San Joaquin Valley Unified Air Pollution Control District, commencing on the date specified for each category. The bill would require the district~~

to develop and adopt, by June 1, 2005, rules establishing the best management practices for certain other weeds and maintenance, as defined, and would require those rules to become operative on June 1, 2006. The additional duties of the bill for ~~districts~~ the district would impose a state-mandated local program.

(2) Existing law makes a violation of any rule, regulation, or order of the state board or a district a misdemeanor.

By expanding the scope of a crime, this bill would impose a state-mandated local program.

~~(3) The~~

This bill would make findings and declarations regarding the inapplicability of a general statute within the meaning of Section 16 of the California Constitution.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 41855.5 is added to the Health and
2 Safety Code, to read:

3 41855.5. (a) Notwithstanding any other provision of law,
4 ~~commencing June 1, 2005, no permit may be issued a person to~~
5 ~~burn agricultural waste in any area that is designated a~~
6 ~~nonattainment area for ozone, carbon monoxide, or particulate~~
7 ~~matter pursuant to Section 39608.~~

8 ~~(b) Not later than June 1, 2005, any district with jurisdiction~~
9 ~~over an area that is designated a nonattainment area for ozone,~~

~~carbon monoxide, or particulate matter shall develop and implement a program that assists agricultural growers to dispose of agricultural waste in an environmentally responsible manner.~~

~~SEC. 2.—no permit may be issued to a person to burn any of the following categories of agricultural waste within the jurisdiction of the San Joaquin Valley Unified Air Pollution Control District, commencing on the following dates:~~
